

40th Street

- Foster Street: Make one way towards 40th street.
- Like alternate connections in the flats to relieve traffic, such as Willow Street going through below bridge.
- New residential and research/ commercial could support the business district.
- Liked the grocery store at 40th Street.
- Liked that the residential area was expanded in the neighborhood, but the fabric has to fit into the context of the historic neighborhood. Particularly west of 39th Street.
- 38th street most historic street in Lawrenceville; need to look closely about taking buildings down in that area.
- Provide connections at 38th and 39th to the River
