

Bureau of Building Inspection Code Enforcement and Permitting Field Activities

Mayor Ravenstahl AGENDA GOAL: Safe and Clean Neighborhoods - Strengthen neighborhoods.

DESCRIPTION: Bureau of Building Inspection (BBI) staff are responsible for ensuring the safety of all public and private buildings and property within the City. The day-to-day activity levels of the BBI field inspectors reflect monitoring neighborhood land development, construction, and remodeling projects, as well as enforcing property and building codes. In '08 BBI began to track different categories of inspections to assess the impact of upcoming Rental Unit inspections.

ANALYSIS: The Q3 '10 data is indicating a decrease of 5% in total field staff inspections when compared with the same Jul-Aug-Sep period last year. Rental Unit Registrations have become stagnant and inspections will not begin until pending legal challenges are resolved.
