Sustainable Home Improvement Partnership Volunteer Interest Form

THANK YOU for your interest in helping our neighbors-in-need through the Sustainable Home Improvement Partnership! This initiative repairs and weatherizes the homes of veterans, seniors, and disabled residents with local nonprofits and citizen volunteers. We could not do it without you!

Volunteers with the Sustainable Home Improvement Partnership will work under qualified worksite leaders to complete basic construction and weatherization projects.

No skills or experience are required.

Your commitment can range from one day to ongoing.

We have opportunities for both individuals and groups interested in serving.

Military veterans face significant financial and physical hardships upon returning from deployment to civilian life, and many are in need of home accessibility modifications due to war-related injuries. The Partnership secondarily focuses on improving the homes and lives of two similarly deserving populations - seniors and the disabled.

Your Volunteer Interest Form will be shared with the Sustainable Home Improvement Partnership agencies and you will be contacted for further information. Please note that while we greatly appreciate your willingness to serve, we may not be able to utilize all volunteers.

The Sustainable Home Improvement Partnership is supported by The Home Depot Foundation and hundreds of citizen volunteers. To learn more about this initiative and other volunteer opportunities, visit servepgh.pittsburghpa.gov. Mayor Ravenstahl's servePGH initiative engages citizen volunteers to address pressing local challenges.

We are grateful to The Home Depot Foundation for its investment in the Sustainable Housing Improvement Partnership and its national commitment to vibrant and sustainable communities.
