### **Overview of Project:**

**The Prime (Toole Design Group LLC)** will be responsible for this mobility plan aims to focus on four of the prominent communities of West Pittsburgh-West End, Esplan, Elliott & Sheraden that have been identified as Racial & Ethnic Approached to Community Health (REACH) communities by Allegheny County Health Department (ACHD) & Centers for Disease Control (CDC). This mobility plan aims to reduce health disparities and achieve health equity by promoting healthy living and active lifestyle in these neighborhoods.

### **Recommendation**

The Office of Business Diversity recommends **the passing** of project 2501-05. Toole Design is a certified WBE and they added an MBE for 17%. This project has a 100% participation.
