Overview of Project:

The City of Pittsburgh Department of Public Works, working with the beneficial input of community partners, requests proposals from qualified Landscape Architecture firms for park infrastructure upgrades to Ammon Park. The Park is located in the Hill District neighborhood

Outreach

DPW did great outreach on this project. They posted the ad in the Courier and the Post- Gazette.

Recommendation

The Office of Business Diversity recommends **passing** of project 2506-01. The Prime is certified WBE company with three certified MWDBE sub-contractors on the contract for a 100% participation.
