Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The City of Pittsburgh, PA, is located at the confluence of the Allegheny, Monongahela, and Ohio Rivers in the western part of the state. Originally established as Fort Duquesne and later Fort Pitt, the area played a strategic role in colonial and early American history. Because of its location on major waterways, the city became the center of the industrial boom that swept across the country during the late 1800s. It was at this time that the city gained the nickname “Steel City” for its large steel industry, pioneered by entrepreneurs such as Andrew Carnegie. The population more than doubled between 1880 and 1900 and continued to grow until reaching its peak in the 1950s. Since the decline of the American steel industry in the 1960s, the city’s economy has reoriented itself towards other sectors such as healthcare, tech, and education, while still maintaining its reputation as a blue-collar city.

The City of Pittsburgh, Pennsylvania is an entitlement community under the U.S. Department of Housing & Urban Development's (HUD) for the following Federal programs:

- Community Development Block Grant (CDBG),
- HOME Investment Partnership (HOME),
- Emergency Solutions Grant (ESG), and
- Housing Opportunities for Persons with AIDS (HOPWA).

In compliance with the HUD regulations, the City of Pittsburgh has prepared this FY 2026 Annual Action Plan for CD Program Year 52 for the period of October 1, 2026 through September 30, 2027. This Annual Action Plan is a strategic plan for the implementation of the City's Federal Programs for housing, community, and economic development within the City of Pittsburgh. In

addition, the Annual Action Plan includes the HOME, ESG, and HOPWA funds that the City will receive in FY 2026. The URA of Pittsburgh is the lead entity and administrator for the HOME funds. The City of Pittsburgh's Office of Management and Budget is the lead entity and administrator for the CDBG, ESG, and HOPWA funds.

This is the City's second year of the FY 2025-2029 Five-Year Consolidated Plan, which describes the housing and non-housing needs of City residents and presents a five-year strategy to address those needs. This year's Annual Action Plan outlines the actions to be undertaken in Fiscal Year 2026 with the Federal resources received by the City of Pittsburgh. The Annual Action Plan does not incorporate the Public Housing Comprehensive Grant (Comp Grant) funds in this Action Plan but include the participation of the public housing authority in the development of the plan.

The CDBG Program and activities outlined in this FY 2026 Annual Action Plan will principally benefit low- and moderate-income persons and funding has been targeted to neighborhoods where there is the highest percentage of low- and moderate-income residents. The City's previous performance under the CDBG Program was discussed at the Public Hearings.

AP-10 Consultation – 91.100, 91.200(b), 91.215(l)

1. Introduction

During the planning of the FY 2026 Annual Action Plan, the City of Pittsburgh consulted with different departments of the City of Pittsburgh, the URA of the City of Pittsburgh, the Housing Authority of the City of Pittsburgh, social service agencies/organizations, housing agencies/organizations, community development agencies/organizations, economic development agencies/organization, and the Pittsburgh/McKeesport/Penn Hills/Allegheny County Continuum of Care.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l))

The City of Pittsburgh works with the following agencies to enhance coordination:

- **Urban Redevelopment Authority of the City of Pittsburgh -** oversees the HOME program, other non-federally funded housing programs and economic development programs.
- **Housing Authority of the City of Pittsburgh -** Section 8 Housing Choice Vouchers, improvements to public housing communities, the Choice Neighborhood Program, and scattered site housing developments.
- **Social Services Agencies/Organizations -** funds to improve services to low- and moderate-income residents of the City of Pittsburgh.
- **Housing Providers -** funds to rehab and develop affordable housing, funds to assist in homeownership, funds to improve housing options for low- and moderate-income families and individuals, and funds to make accessibility improvements.
- **Allegheny County Department of Human Services -** oversees the Continuum of Care.
- **Jewish Health Care Foundation -** oversees the HOPWA program.

As part of the CDBG, HOME, and ESG application planning process, local agencies/organizations are invited to submit proposals for CDBG, HOME, and ESG funds for eligible activities. These groups participate in the planning process by attending the public hearings, consultation via phone and/or email, and submission of funding applications.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

In July 2024, HUD issued a combined FY 2024-FY 2025 Continuum of Care (CoC) NOFO, which stated that applicants would submit one application that could be used for both FY 2024 and FY 2025 funding. HUD reserved the right to award FY 2025 funds based on that competition. The Pittsburgh/McKeesport/Penn Hills/Allegheny County Continuum of Care was awarded $29,817,959 for its Tier 1 FY 2024 and also its FY 2025 Continuum of Care Application. The following is a breakdown of the Tier 1 awards by type of project:

- **Rapid Re-Housing:** $6,209,815.00
- **Permanent Supportive Housing:** $19,419,404.00
- **Supportive Service Only (SSO):** $943,526.00
- **Homeless Management Information System (HMIS):** $210,098
- **Planning:** $2,041,604.00
- **Unified Funding Agency (UFA):** $993,512.00
- **Total: $29,817,959.00**

The City of Pittsburgh and Allegheny County are committed to working with the Continuum of Care to determine the allocation of ESG program funds each year, develop the performance and evaluation standards for activities, and developing the policies and procedures related to the administration and operation of HMIS. The Homeless Prevention and Rapid Re-Housing Program (HPRP) served as a baseline for this partnership, which continues today. Representatives of the City and County serve on the Continuum of Care Board and attend the meetings regularly. In addition, the City and County are on the Homeless Emergency Assistance and Rapid Transition to Housing (HEARTH) subcommittee of the CoC, and are Board Members of the Homeless Advisory Board, which oversees the strategy of the Continuum of Care. The Continuum of Care is consulted for each jurisdiction's Five Year Consolidated Plans and Annual Action Plans.

Moving forward, the City will continue to consult with the Continuum of Care to determine broad funding priorities to assist homeless persons. The CoC is part of the decision-making process for the development of the ESG program. The City works with the Continuum of Care by using its performance standards for projects and activities assisted by ESG funds, including reviewing the standards that the CoC has established for their sub grantees. They established CoC standards, which are applicable and easily transferrable to ESG projects and activities, are used in an effort to apply a standard set of criteria for various homeless programs. The City of Pittsburgh also works with the CoC, through their representatives on the Homeless Advisory Board, to evaluate the outcomes of projects and activities assisted by ESG funds. Lastly, the City continues to work with the CoC to develop policies and procedures for the administration and operation of the HMIS.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

ESG funds are divided by the PA-600 CoC Pittsburgh/McKeesport/Penn Hills/Allegheny County CoC between Pittsburgh and Allegheny County. Both the City and County, through their participation in the CoC, jointly discuss how ESG funds will be utilized and they participate in the evaluation process of sub-recipients. The City and County announce the availability of funds through advertising and notifying potential applicants from an existing list of providers. Once proposals are received, they are catalogued by agency, dollar request, and types of activities. The Evaluation Committee reviews the proposals to determine funding levels. The funding is divided between Rapid Re-Housing, Prevention, and other ESG allowable expenditures, such as Emergency Shelters and HMIS.

In addition, other state funds are utilized for prevention, with the focus on threat of Children and Youth Services (CYS) involvement, if families lose their housing. The CoC Committee establishes priorities, reviews and monitors programs and goals for the CoC, and any changes under Homeless Emergency Assistance and Rapid Transition to Housing (HEARTH). The City of Pittsburgh and Allegheny County are both part of the CoC Committee. The Evaluation Committee reviews and ranks all new projects and outcome data from HMIS/APRs for renewal of project funding. The committee meets as necessary to make recommendations on renewal and the ranking of new projects. These recommendations are then reviewed and voted on by the entire Homeless Advisory Board. The Homeless Advisory Board (HAB) receives quarterly updates on data from HMIS. The committee will meet more frequently, if needed. ESG providers, the City of Pittsburgh, Penn Hills, McKeesport, CoC providers, the Veterans Administration, United Way, Mental Health providers, and Allegheny County Department of Human Services are all members of the Evaluation Committee. The ranking process is approved by the CoC and Evaluation Committee and meetings are held with all parties prior to the application process. Each renewal project is evaluated on their performance in utilization of beds/units, meeting HUD performance standards for transitional housing, supportive housing, permanent supportive housing, employment, and maintaining income from the last Annual Performance Report (APR), which is reviewed for each project. Each applicant has an opportunity to comment on their specific performance. The report with comments on the project is given to the Evaluation Committee for review. The Evaluation Committee reviews each report card and APR data to score each project. Combined scores are based upon serving the chronically homeless, type of housing, and performance.

The Homeless Management Information System (HMIS) is a mandated computer system implemented to track homeless consumers through the Continuum of Care System and provide the continuum with an unduplicated count of those experiencing homelessness within Allegheny County. The Allegheny County system is linked to the Allegheny County Department of Human Services (ACDHS) eCAPS system that tracks the delivery of human services within the county. ACDHS staff are both the HMIS and CoC Lead Agency. As a part of the ACDHS oversight, the HMIS falls under the strict guidelines and requirements of county government that includes an assigned compliance officer. Privacy and security plans are reviewed at least yearly or as needed. HIPPA standards have been reviewed and revised based upon new requirements. Sub-recipients and ACDHS staff are required to have a quarterly review of data and report issues to the service desk.

ACDHS staff works closely with the technical side of HMIS to ensure that policies and procedures are in place. Issues related to data quality are resolved within a timely manner. Providers with many missing values or errors are provided technical assistance.

Table 7 - Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The City of Pittsburgh will allocate its CDBG funds to those geographic areas whose population is over 51%

low- and moderate-income and/or to low- and moderate-income clientele. At least 70% of all the City's CDBG funds are budgeted for activities which principally benefit low- and moderate-income persons. The following guidelines for allocating CDBG, HOME, ESG, and HOPWA funds will be used by the City for the FY 2026 Program Year:

- The public services projects/activities are for social service organizations whose clientele are low-income, or in certain cases, a limited type of clientele with a presumed low- and moderate-income status.
- The homeless projects/activities are for homeless agencies/organizations that serve a specific type of clientele with a presumed low- and moderate-income status.
- The other special needs projects/activities are limited to a clientele with a presumed low- and moderate-income status.
- The community and public facilities projects/activities are either located in a low- and moderate-income census tract/block group or have a low- and moderate-income service area benefit or a limited clientele which is low- and moderate-income.
- The infrastructure improvement projects/activities are either located in a low- and moderate-income census tract/block group or have a low- and moderate-income service area benefit or a limited clientele which is low- and moderate-income.
- The acquisition and demolition of structures are either located in a low- and moderate-income census area or these activities are eligible by preventing or eliminating slums and blight on a spot or area basis.
- The housing projects/activities have income eligibility criteria; therefore, the income requirement limits funds to low- and moderate-income households throughout the City.
- Economic development projects/activities will either be located in a low- and moderate-income census tract/block group, a poverty census tract greater than 20%, part of a redevelopment plan, or makes 51% of the jobs available to low- and moderate-income persons.

The City allocates CDBG funds to areas or projects/activities which predominantly benefit low- and moderate-income persons to rehabilitate or construct new housing for low- and moderate-income households; to create low- and moderate-income jobs; to projects/activities that principally benefit low- and moderate-income persons; and/or slum and blight removal on a spot or area basis.

The HOME funds will be used for administration and for housing projects/activities. These funds will be targeted to low-income households and projects/activities designed to provide affordable housing to low-income households. The disbursement is based on needs of low- and moderate-income households, not by geographic area.

The HOPWA funds will be used for housing related services for those with HIV/AIDS, such as tenant based rental assistance (TBRA), emergency short-term mortgage assistance, utility assistance, and information

referrals. The disbursement is based on the needs of each client, not by geographic area.

The ESG funds will go to street outreach, emergency shelters, homeless prevention, rapid re-housing, and the homeless management information system (HMIS). Funding will be used for renovations, operating expenses, and essential services such as childcare, drug and alcohol abuse education, job training, and counseling for homeless individuals and organizations that serve the homeless population. The disbursement is based on need of each shelter or agency, not by geographic area.

Table 4 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The City of Pittsburgh will allocate its CDBG funds to those geographic areas whose population is over 51% low- and moderate-income and/or to low- and moderate-income clientele. At least 70% of all the City's CDBG funds are budgeted for activities which principally benefit low- and moderate-income persons. The following guidelines for allocating CDBG, HOME, ESG, and HOPWA funds will be used by the City for the FY 2026 Program Year:

- The public services projects/activities are for social service organizations whose clientele are low-income or in certain cases, a limited type of clientele with a presumed low- and moderate-income status.
- The homeless projects/activities are for homeless agencies/organizations that serve a specific type of clientele with a presumed low- and moderate-income status.
- The other special needs projects/activities are limited to a clientele with a presumed low- and moderate-income status.
- The community and public facilities projects/activities are either located in a low- and moderate-income census tract/block group or have a low- and moderate-income service area benefit or a limited clientele which is low- and moderate-income.
- The infrastructure improvement projects/activities are either located in a low- and moderate-income census tract/block group or have a low- and moderate-income service area benefit or a limited clientele which is low- and moderate-income.
- The acquisition and demolition of structures are either located in a low- and moderate-income census area or these activities are eligible by preventing or eliminating slums and blight on a spot or area basis.
- The housing projects/activities have income eligibility criteria; therefore, the income requirement limits funds to low- and moderate-income households throughout the City.
- Economic development projects/activities will either be located in a low- and moderate-income census tract/block group, or a poverty census tract greater than 20%, or part of a redevelopment plan, or makes 51% of the jobs available to low- and moderate-income persons.

The City allocates CDBG funds to areas or projects/activities which predominantly benefit low- and moderate-income persons to rehabilitate or construct new housing for low- and moderate-income

households; to create low- and moderate-income jobs; to projects/activities that principally benefit low- and moderate-income persons; and/or slum and blight removal on a spot or area basis.

The HOME funds will be used for administration and for housing projects/activities. These funds will be targeted to low-income households and projects/activities designed to provide affordable housing to low-income households. The disbursement is based on needs of low- and moderate-income households, not by geographic area.

The HOPWA funds will be used for housing related services for those with HIV/AIDS, such as tenant based rental assistance (TBRA), emergency short-term mortgage assistance, utility assistance, and information referrals. The disbursement is based on the needs of each client, not by geographic area.

The ESG funds will go to street outreach, emergency shelters, homeless prevention, rapid re-housing, and the homeless management information system (HMIS). Funding will be used for renovations, operating expenses, and essential services such as child care, drug and alcohol abuse education, job training, and counseling for homeless individuals and organizations that serve the homeless population. The disbursement is based on needs of each shelter or agency, not by geographic area.

Discussion

The City is allocating its CDBG funds to areas or projects/activities which predominantly benefit low- and moderate-income persons to rehabilitate or construct new housing for low- and moderate-income households; to create low- and moderate-income jobs; and to projects/activities that benefit the low- and moderate-income population.

AP-60 Public Housing – 91.220(h)

Introduction

The City of Pittsburgh has its own public housing authority to provide public housing for low-income city residents. The mission of the Housing Authority of the City of Pittsburgh (HACP) is to be the flagship agency providing property management and real estate development services in the City of Pittsburgh, thereby creating environments that improve the quality of life for HACP customers.

HACP is a participant in HUD's Moving To Work Demonstration Program. HACP's overarching Moving To Work Goals are as follows:

- To reposition HACP's housing stock to preserve and expand affordable housing options and stabilize neighborhoods. These efforts are designed to result in housing that it is competitive in the local housing market, is cost-effective to operate, provides a positive environment for residents, and provides broader options of high-quality housing for low-income families.
- To promote independence for residents via programs and policies that promote work and self-sufficiency for those able, and promote independent living for the elderly and disabled.
- To increase housing choices for low-income families through initiatives designed to increase the quality and quantity of housing available to households utilizing tenant-based rental assistance and other available resources.

Actions planned during the next year to address the needs to public housing

The Housing Authority of the City of Pittsburgh (HACP) is the public housing agency that serves the City of Pittsburgh. The Housing Authority owns and manages 3,048 units of public housing and there are 3,202 households on the waiting lists. The waiting lists for the majority of public housing communities are currently open. In addition, the Housing Authority of the City of Pittsburgh administers 7,534 Moving To Work Housing Choice Vouchers. As of July 2026, there were 6,447 households on the Housing Choice Voucher waiting list and the waiting list was closed since March 15, 2024. There were also 40,494 applicants for Project-Based Vouchers, and the majority of waiting lists are closed.

Additionally, the HACP has 615 public housing units that are managed privately.

The Housing Authority's proposed FY 2026 Budget is $212,944,277. The FY 2026 budget funds are allocated for the following items:

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The Housing Authority of the City of Pittsburgh (HACP) will continue to hold monthly Tenant Council Forum meetings via Zoom for the officers of the tenant councils, and monthly meetings of the Resident Advisory Board to encourage resident participation in the Housing Authority's management. The Housing Authority of the City of Pittsburgh will continue its Voucher Participant Advisory Council to get more input from Housing Choice Voucher participants. The Voucher Participant Advisory Council selects representatives to serve on the Resident Advisory Board. All Tenant Council representatives have received training on the Operating Subsidy/Performance Funding System (PFS) in compliance with HUD Regulations 24 CFR 964.15z.

The HACP's Resident Self-Sufficiency (RSS) Department is responsible for providing supportive service coordination and case management programming for their residents, whether the residents live in an

HACP housing community, or use their Housing Choice Voucher to live in a private development. The RSS staff is responsible for identifying community needs and gaps in service delivery, and they build relationships with the HACP Tenant Councils.

The Housing Authority encourages tenants to participate in the HACP's Family Self-Sufficiency (FSS) Program and the Resident Employment Program (REP). These programs are part of its Moving to Work (MTW) Program to promote self-sufficiency and independent living. Moving to Work is a demonstration program for public housing authorities that enables them to design and test innovative, locally-designed strategies that use Federal dollars more efficiently, incentivizes residents to become more self-sufficient, and expands housing choice for low income households. Moving residents into the Homeownership Program is one of the goals of the HACP.

The FSS and REP Programs assist residents in preparing for and seeking gainful employment. The FSS Program provides case management and referral services for tenants who enroll in the program.

To enable residents to gain employable skills, the Resident Employment Program (Section 3) offers a variety of classes and training programs, including an on-site technology and learning center, GED preparation, job search and training, and employment seminars. The program helps to connect families to information and opportunities leading to life enhancing skills and to connect skilled workers with potential employers.

The Homeownership Program assists residents who want to own a home through financial counseling and mortgage assistance programs. HACP has recently increased its second soft mortgage maximum amount to $52,000 and closing cost assistance to $8,000.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

The Housing Authority of the City of Pittsburgh is not classified as "troubled" by HUD and is performing satisfactorily according to HUD guidelines and standards. Therefore, no assistance is needed to improve operations of this Public Housing Authority.

Discussion

Larimer/East Liberty Choice Neighborhoods Initiative –

In June 2014, the Housing Authority of the City of Pittsburgh (HACP) and the City of Pittsburgh received a $30 million award of FY 2013 Choice Neighborhoods Initiative (CNI) Implementation funds for the comprehensive revitalization of Larimer/East Liberty. HUD received 48 applications for FY 2013 CNI Implementation funds; four awards were made.

The Larimer/East Liberty Choice Neighborhood boundaries are Washington Boulevard to the east and

northeast, Negley Run Boulevard to the northwest and west, and Penn Avenue to the south. The Larimer/East Liberty area is poised on the edge of change. Adjacent to the revitalized and thriving East Liberty Business District, Larimer/East Liberty stands in direct contrast to the hustle and bustle next door. Scarred by the vestiges of urban renewal, Larimer/East Liberty is comprised of large-scale subsidized housing complexes, disconnected superblocks, a divisive four-lane arterial road (East Liberty Boulevard), and a deteriorating stock of single-family housing. But, there are bright spots of hope. Regional anchor institutions (like Carnegie Mellon University, University of Pittsburgh, and Chatham University) as well as locally significant institutions and partners like the Kingsley Association (which operates a recreational complex), East Liberty Development, Inc. (a particularly strong and active community development corporation), the Larimer Consensus Group (a group representing a broad spectrum of neighborhood interests and stakeholders), Larimer Community Watchers (an organized group of Larimer homeowners), East Liberty Housing, Inc. (a non-profit founded by area churches that owns the East Liberty Gardens) in addition to neighborhood residents and business owners are passionately committed to seeing the neighborhood revitalized.

Together the stakeholders created a $401 million Transformation Plan called the Vision-to-Action Plan. The Transformation Plan has a goal of a "21st Century Green Neighborhood that Works" and contemplates a comprehensive effort to address the needs of the disinvested and impoverished community.

The **neighborhood strategies** focus on: Developing physical and social connections between the isolated community and mixed income housing; transit investment; economic development activities occurring on the edge of the community; addressing the expanding problem of vacant lots and properties; "greening" the community with green stormwater infrastructure, greenspace, parks and recreational opportunities; supporting existing homeowners to improve the facades of their homes; promoting commercial areas as green business and technology districts with incentives for sustainable businesses and improvements; and making the environment safe and secure for all residents. The Urban Redevelopment Authority (URA) of the City of Pittsburgh serves as the Neighborhood Implementation Entity. Critical Community Improvement (CCI) activities being implemented by the URA are as follows:

- **Liberty Green Park:** The URA constructed a new three-acre park called Liberty Green Park. The new neighborhood park features a community plaza, open lawn and picnic areas, and dynamic playground elements. Liberty Green Park also features significant green infrastructure with the capacity to manage up to 4 million gallons of stormwater annually. The green infrastructure will culminate in a community driven art exhibit, River Roots, that showcases innovative solutions for stormwater management and is a visible and functional celebration of a decade of Larimer citizens working together for a sustainable future. The Park improvements were publicly bid in early 2019 and a contractor was selected. Work was delayed due to COVID-19, but construction is complete, and the park is expected to be open to the public by June 2021. The Liberty Green was featured on a Larimer Walking Tour, hosted by the URA and attended by representatives from the Mayor's Office and City Councilperson's Office, in November 2020.

- **Larimer Village Green:** The Village Green was intended to be a new focal point for the community

a place for organized and spontaneous gatherings, for farmers' markets and performances, for quiet strolls and kids play. The plan was to develop an active public space as a hub connected to all of the new residential development (both the Choice multifamily on Larimer Avenue and the existing and new single-family on the radiating side streets). The multiple land parcels making up the Village Green site were consolidated into a single lot under URA ownership and leased at no cost to the Larimer Consensus Group for programming of year-round activities, promotion, and maintenance. A trial farmers' market was launched last summer by the Larimer Consensus Group and the City Parks Department, to some success. The new Village Green is designed with parking, electrical service, and other amenities on Indiana Way to make the farmers' market a permanent feature. An informal performance venue was constructed at the corner of Larimer and Mayflower, with seating created from the natural contours of the site and hardscape that re-uses bricks from Larimer demolitions. All plantings are native, and the current permeable surface area is preserved. Work began in June 2020 and was complete in November 2020. The Village Green was featured on a Larimer Walking Tour, hosted by the URA and attended by representatives from the Mayor's Office and City Councilperson's Office, in November 2020.

- **Larimer Playground:** Through the engagement of many Larimer youth in the Village Green design process, the community recognized the need for additional, dedicated recreation space that did not exist in the neighborhood and that could not fit at the Village Green. The community advocated for refurbishment of the Larimer Basketball Courts and the re-use of the overgrown lots in front of the Larimer Playground for football, baseball, etc. The community also advocated for walking paths that connect to the Highland Park and future Liberty Green park systems. Designed with a signature new entrance of permeable pavers and native plantings, the refurbished park is immediately across the street from the Larimer Phase 4 (Larimer School) residential development. Anticipating this work, the City of Pittsburgh completed the full renovation of the basketball courts, water park, and playground equipment in time for summer 2020 play. The work, contracted by the URA, is limited to the new entrance and to field improvements. The City of Pittsburgh will own and maintain all land and improvements. Plans and specifications for this URA-funded project are complete; work began in June 2020 and was completed in November 2020. The playground is open to the public.

- **Choice Neighborhood Homeowner Assistance Program:** The URA is also currently administering a Choice Neighborhood Homeowner Assistance Program (CNHAP). Choice Neighborhood funds are being used to complete work on the exterior of owner-occupied homes in the area immediately surrounding the Choice Neighborhood development. Grants in Phases I were allocated at up to $20,000 per house. At this time, all 55 Phase I grants have closed and are completed. Although originally limited to $12,500 per home based on funding availability, Phase 2 of CNHAP grant limits were increased to $15,000 and additional funding through the Federal Home Loan Bank could be made available depending on the income level of the applicants and the work needed. Phase 2 CNHAP commenced in Spring 2019. A total of 36 applications were received for Phase II. Thirty-three (33) homeowners have closed on their CNHAP grants. Of these 33 grants, 29 homes are complete. Additionally, 1 remaining unit is ready to close, 1 unit is waiting

for bids, and 2 units were determined to be ineligible for the program.

The **housing strategies** targeted 2 eligible Targeted Housing Projects: the Hamilton-Larimer (HL) public housing complex and East Liberty Gardens (ELG) HUD-assisted housing project. At the time of application, the buildings were obsolete and deteriorating. One hundred percent (100%) of both buildings were rented by very low-income populations. The housing strategies replace all 155 units, one-for-one, within the neighborhood as part of a 334-unit high-quality, well-managed, mixed-income community. McCormack Baron Salazar, Inc. (MBS) is the lead Housing Implementation Entity. To prepare for the demolition of East Liberty Gardens, all residents were relocated by HACP. All residents in good standing at the time of relocation have a right to return to the new development. The first replacement housing phase, consisting of 85 units, is complete and fully occupied. The second phase, consisting of 150 units, is also complete and occupied. Twelve (12) scattered site units have been developed. The next phase of housing development, Phase IV (42 mixed income units), entails the adaptive reuse and historic preservation of the Larimer School plus the new construction of 5 residential units. Construction for this phase was delayed due to COVID-19 but began in January 2021. Phase III, the final phase of development (42-units of mixed income, mixed use development), received a 9% Low-Income Housing Tax Credit award from PHFA. Construction on this phase is expected to begin in Summer 2021. 3 additional scattered site rental units will be developed by the Pittsburgh Housing Development Corporation (PHDC) for HACP.

Finally, the **people strategies** will result in a comprehensive case management system that will create pathways to social and economic mobility for targeted residents including access to healthcare services, proven employment and training programs, and an extensive series of educational programs supporting children from birth to college. Urban Strategies, Inc. serves as the People Implementation Entity. After the completion of Choice, the Choice program participants (i.e., residents) will continue to be served by social service providers supported by the Allegheny County Department of Human Services.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

The City of Pittsburgh is part of the Pittsburgh/McKeesport/Penn Hills/Allegheny County Continuum of Care. This is a regional initiative staffed by the Allegheny County Department of Human Services. The City supports the efforts of the Continuum of Care and encourages organizations to submit applications for ESG funding requests to the City, County, and Commonwealth of Pennsylvania.

Under this Five Year Consolidated Plan, the City of Pittsburgh in cooperation with the CoC has developed its Strategic Plan to address homelessness for FY 2025 through FY 2029. These goals are set forth in the following goals:

- **HMS-1 Operation/Support -** Assist homeless providers in the operation of housing and support services for the homeless and persons who are at-risk of becoming homeless.
- **HMS-2 Prevention and Re-Housing -** Continue to support the prevention of homelessness through anti-eviction activities and programs for rapid re-housing.
- **HMS-3 Housing -** Support the rehabilitation and accessibility improvements to emergency shelters, non-congregate shelters, and transitional housing for the homeless.
- **HMS-4 Permanent Housing -** Support the development of permanent supportive housing for homeless individuals and families.

As part of the Continuum of Care, the Allegheny County Department of Human Services completes a regular "Point In Time Survey" each January to determine the number of homeless individuals and families in the County. Based on the "Point In Time Survey," conducted on February 3, 2026 the following numbers of homeless persons were reported:

- **Unsheltered -** 178 individuals
- **Transitional Housing -** 85 individuals
- **Safe Haven -** 30 individuals
- **Emergency Shelter -** 930 individuals

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including: reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Continuum of Care (CoC) reached out to homeless persons (especially unsheltered persons) through Operation Safety Net, outreach teams (including the Veteran's Affairs (VA), Western Psychiatric Institute and Clinic (WPIC), and Community Human Services (CHS)), soup kitchens, day programs, drop-in centers, and hospitals. In addition, information is collected annually using the point-in-time survey form and is then summarized. The point-in-time surveys are one-on-one interviews are also held with the consumers. Additionally, outreach teams and Operation Safety Net (OSN) regularly go under bridges, visit camps, and go to other known homeless areas to tend to the needs of the homeless population. OSN has a centralized

database of all street consumers who utilize their medical services.

Addressing the emergency shelter and transitional housing needs of homeless persons

The most recent Point In Time Survey Analysis was conducted on February 3, 2026 and reported the following homeless counts for Transitional Housing and Emergency Shelter:

- **Transitional Housing –** 85 individuals
- **Emergency Shelter –** 930 individuals

The priority homeless needs in the City of Pittsburgh are as follows:

- **Emergency Shelters Family beds –** low priority Individual beds – medium priority
- **Transitional Housing Family beds –** low priority Individual beds – medium priority
- **Permanent Supportive Housing Family beds –** medium priority Individual beds – medium priority
- **Safe Haven Family beds –** low priority Individual beds – medium priority

The CoC has a long-term goal of increasing the number of homeless moving from transitional housing to permanent housing. In order to achieve this objective, the CoC meets regularly with providers to monitor and review their progress. The CoC also works toward strengthening relationships with affordable housing providers (such as housing authorities) to assist consumer's transitions into permanent housing. Effective services and support while in transitional housing are critical to the effective move into permanent housing.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The Continuum of Care has recently shifted its focus to increase the number of permanent housing units to address the unmet needs in the community. The CoC's ten-year plan includes a comprehensive approach to ending chronic homelessness. Over the past several years, the CoC has effectively increased the number of permanent housing beds available to the chronic homeless, with more beds planned to be made available in the coming years. Persons who are chronically homeless and housed in permanent housing are also connected with available public services in order to stabilize income and increase access to mental health, drug, and alcohol support services. The CoC has worked with the VA and Veteran's Leadership Program (VLP) since 1984 to reach out to veterans, provide housing, and to prevent homelessness. As a result, there are numerous beds available for homeless veterans. Efforts are made to

also provide services to assist veterans in finding permanent housing. The CoC has several service providers to assist homeless youth by connecting them to employment training and other public benefits in order to stabilize and break the cycle of homelessness. The CoC has a long-term goal of increasing the number of homeless moving from transitional housing to permanent housing. In order to achieve this objective, the CoC meets regularly with providers to monitor and review their progress. The CoC also works toward strengthening relationships with affordable housing providers (such as housing authorities) to assist consumer's transitions into permanent housing. Effective services and support while living in transitional housing are critical to the effective move into permanent housing. The CoC also has a goal of maintaining or increasing the percentage of participants remaining in permanent housing for at least six months. In order to meet this objective, the CoC holds regular sessions with providers to discuss best practices to engage consumers in permanent housing, and trouble shoot as necessary. Individuals and families residing in permanent housing facilities are taught life skills in order to improve the likelihood that they will successfully retain housing and not become homeless again.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The Continuum of Care has outlined its discharge policy for assisting persons aging out of foster care, and being released from health care facilities, mental health facilities, and correction facilities.

- **Foster Care:** The CoC has adopted a process to transition youth from the foster care system. This process includes life skills classes and housing options. The Housing Authority works with Allegheny County's Office of Children, Youth, and Families (CYF) to transition some youth into their system and is working with the Allegheny County Housing Authority to designate vouchers for families. CYF provides housing for youth who choose to remain in CYF until the age of 21 and seek additional education. Transitional housing programs have been established for those who may become homeless. These programs include strong employment and training support, as well as connections to other useful services.

- **Health Care:** The Health Committee and Pittsburgh Mercy's Operational Safety Net (OSN) have developed and implemented a protocol between the major hospitals to identify homeless consumers, share information between entities, and coordinate the discharge plan. When a hospital identifies a homeless person, upon discharge, it contacts OSN to transition the person to appropriate housing.

- **Mental Health:** The Allegheny County Office of Behavioral Health (OBH) has developed and implemented a housing plan to ensure that consumers who are discharged from mental health facilities are placed in appropriate housing. This plan utilizes public housing, private units, and personal care homes.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

The City of Pittsburgh prepared a new Analysis of Impediments to Fair Housing Choice (AI) for the five-year period of 2025-2029.

The Barriers to affordable housing in Pittsburgh can be categorized, primarily, as either public policy issues or economic issues. Public policies establish practices implemented by municipal agencies or departments that can impede housing choice, increase housing costs, severely limit housing opportunities, or a combination thereof. The impact of public policy on affordable housing in the City can be intentional or inadvertent. Recognition of the impact of public policy on affordable housing is required to ameliorate its negative results.

The FY 2025 Analysis of Impediments identified the following impediments to fair housing:

- **Impediment 1: Fair Housing Education and Outreach -** There is a continuing need to educate individuals, families, and members of the protected classes regarding their rights under the Fair Housing Act (FHA) and overall to raise community awareness to further fair housing, especially for low-income residents, minorities and the disabled population.
- **Impediment 2: Affordable Rental Housing -** Even though the City of Pittsburgh has a large supply of rental housing, it is not necessarily affordable to lower income households. The monthly housing cost for apartments has steadily increased to the point that over 44.3% of all renter households in Pittsburgh are considered cost burdened according to the HUD-CHAS data.
- **Impediment 3: Affordable Housing for Sale -** The median value and cost to purchase a single family home in Pittsburgh that is decent, safe, and sound, has increased significantly from $94,700 in 2015 to over $134,800 in 2020 according to the HUD-CHAS data. This limits the choice of housing for lower income households throughout the City.
- **Impediment 4: Accessible Housing Units -** As an older, built-up urban environment, there is a lack of accessible housing units, since 70.4% of the City's housing units were built before 1960 and most do not contain accessibility features, and 14.2% of the City's population is classified as disabled.
- **Impediment 5: Private Lending Practices -** The HMDA data for the Pittsburgh MSA suggests that there may be a disparity between the approval rates of home mortgage loans originated from minorities and those originated from non-minority applicants. Further study is needed to determine if there is a discriminatory practice in the City of Pittsburgh.
- **Impediment 6: Economic Issues Affect Housing Choice -** There is a need to increase economic opportunities for employment in the City to improve household income so lower income households if they choose will have the ability to live outside areas with concentrations of low-income, which makes this a fair housing concern.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The City of Pittsburgh, in its most recent Analysis of Impediments to Fair Housing Choice, did not identify any negative effects of its public policies that serve as barriers to affordable housing. The City had previously revised and updated its Zoning Ordinance and Land Development and Use Controls. These documents are consistent with the Fair Housing Act, Section 504, and the Americans with Disabilities Act. There are no other public policies that restrict fair housing.

Discussion:

During its FY 2026 CDBG, HOME, ESG, and HOPWA Program Year the City proposes to fund activities/projects that affirmatively further fair housing. This includes:

- Assistance with rehabilitation costs for lower income owner-occupied and renter-occupied housing.
- Funds for downpayment assistance and closing costs for low income homebuyers.

- Funds for neighborhood community development organizations to develop housing and support services.
- Funds for housing counseling services.
- Funds for social services and health programs.
- Job training and economic development opportunities.
- Funds for six (6) neighborhood employment centers located in various parts of the City. The centers are charged with providing job opportunities for City residents by creating a network of neighborhood employment projects.

During the FY 2026 Program Year, the City proposes to assist the following affordable rental housing activities:

- Exhibit in City-County Building during the last week of National Fair Housing Month.
- Ongoing quarterly meetings and recommendation formulation with the Affirmatively Furthering Fair Housing Task Force.
- Assist in the design and construction of Neighborhood Choice.

The PCHR will have the City pass a resolution proclaiming April as Fair Housing Month.

Actions planned to reduce lead-based paint hazards

The City is working to reduce potential lead-based paint hazards. Below are the City's activities to reduce lead-based paint hazards are related to rehabilitation and homeownership programs.

Rehabilitation Programs:

The City of Pittsburgh will continue to ensure that:

- Applicants for rehabilitation funding receive the required lead-based paint information and understand their responsibilities.
- Staff properly determines whether proposed projects are exempt from some or all lead-based paint requirements.
- The level of Federal rehabilitation assistance is properly calculated and the applicable lead-based paint requirements determined.
- Properly qualified personnel perform risk management, paint testing, lead hazard reduction, and clearance services when required.

- The home buyer receives the required lead-based paint pamphlet and notices.

Lead reduction involves the implementation of a lead-based paint treatment program which will be carried out in conjunction with the City of Pittsburgh's CDBG and HOME funded housing projects/activities. The City of Pittsburgh, through its sub-recipient agreement with the URA, receives applications for rehabilitation assistance on a regular basis. The applications are processed in the order in which they are received. The goal of the lead based paint treatment program is the reduction of lead based paint hazards in the City's housing stock.

The 2023 Childhood Lead Surveillance Annual Report (the most recent report available) from the Pennsylvania Department of Health reported that 2,387 children two (2) years of age or younger were

tested for elevated blood lead levels in the City of Pittsburgh. Of those tested, 108 (4.52%) were confirmed to test positive for blood lead levels above 3.5 µg/dL. This is 2.08% of the population of children two (2) years of age or younger.

Actions planned to reduce the number of poverty-level families

According to the 2020-2024 American Community Survey approximately 20.1% of the City of Pittsburgh's residents live in poverty, while only 11.5% of Allegheny County residents live in poverty and 11.7% of the Commonwealth of Pennsylvania residents live in poverty. While only 12.8% of Pittsburgh families fall below the poverty level, female-headed City households with children are particularly affected by poverty at an estimated 48.9%. The City's goal is to reduce the extent of poverty by 5%, based on actions the City can control and work with other agencies/organizations.

The City funded projects/activities under the following goals and strategies to reduce the number of families living in poverty:

- HMS-1 Operation/Support
- HMS-2 Prevention and Re-Housing
- SNS-2 Social Services
- CDS-3 Public Services
- CDS-4 Food Programs
- EDS-1 Employment
- EDS-2 Financial Assistance
- EDS-3 Redevelopment Program

For the Five Year Consolidated Plan period of FY 2025 - 2029, the City of Pittsburgh's goal is to reduce the poverty rate by 5%. This could be achieved through the following:

- The City of Pittsburgh will continue to pursue new economic development opportunities to create jobs for the unemployed and underemployed in the City.
- The City is willing to use the Section 108 Loan Guarantee Program, Brownfield Economic Development Initiatives (BEDI), and other Federal Programs and Initiatives to promote economic development.
- CDBG funds are available for public service programs for job training, education, health, and social services to raise the standard of living of families above the poverty level.

- Revitalize areas for economic development
- Promote new job opportunities

Actions planned to develop institutional structure

To effectively implement the Annual Action Plans, the City needs to collaborate with a variety of agencies located in the City of Pittsburgh and also in Allegheny County. Coordination and collaboration between agencies is important to ensuring that the priorities identified in the Five Year Consolidated Plan within the City are adequately addressed. The key agencies that are involved in the implementation of the FY 2026 Annual Action Plan, as well as additional resources that may be available are described below.

Public Institutions –

- The City of Pittsburgh, through its Office of Management and Budget, is responsible for the overall administration for the City's Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), Emergency Solutions Grant (ESG), and Housing Opportunities for Persons with AIDS (HOPWA) programs, including some of the local programs that assist target income residents. The Office's responsibilities include managing and implementation of the City's affordable housing policies, including the Five Year Consolidated Plan and Annual Action Plans, and other related documents. The Office of Management and Budget annually submits for CDBG, HOME, ESG and HOPWA funding through the Annual Action Plan.
- The Urban Redevelopment Authority of Pittsburgh (URA) is a subrecipient for the administration of the City's housing and economic development programs. The URA has extensive experience in the development of new housing and the rehabilitation of the City's existing housing stock. The URA operates the City's economic development programs to promote new investment and the revitalization of distressed neighborhoods. The URA is the lead entity and administrator for the HOME funds.
- The Housing Authority of the City Pittsburgh (HACP) administers public housing and the Section 8

Housing Choice Voucher Program. The HACP will continue to modernize units, develop and support new and/or rehabilitated affordable units, and redevelop distressed and obsolete properties into new mixed-income neighborhoods.

- The Jewish Healthcare Foundation (JHF) administers the City's HOPWA grant. Services provided include housing related activities such as short-term and tenant-based rental assistance, rental/mortgage/utility assistance, and housing information and referral.

Non-Profit Organizations –

- Non-profit developers play a role in the implementation of the Annual Action Plan. These developers access funding from the URA, Pennsylvania Housing Finance Agency (PHFA), and financial institutions. These developers do both new construction and rehabilitation of existing housing units.
- Two (2) organizations have been recertified as Community Housing Development Organizations (CHDO's) operating in the City of Pittsburgh.
- Through the community-based organization (CBO) fund, the City provides funds for operating support to CDC. The CDC's pursue the planning and/or implementation of community economic development projects.

Private Industry –

- The private sector is an important partner in the services and programs associated with the Annual Action Plan. The private sector brings additional resources and expertise that can be used to supplement existing services or fill in gaps in the system. Several lending institutions provide first-time mortgage financing and financing for rehabilitation. Lenders, affordable housing developers, business and economic development organizations, and private service providers offer a variety of assistance to residents such as health care, small business assistance, home loan programs, and assisted housing, among others.

Actions planned to enhance coordination between public and private housing and social service agencies

The City is committed to continuing its participation and coordination with public, housing, and social service agencies. The City solicits application for CDBG, HOME, and ESG funds. In addition, the City sends out applications to a list of agencies, organizations, and housing providers that have previously submitted an application or has expressed an interest in submitting an application. The application is reviewed by the Office of Management and Budget and the City discusses any questions with the applicant. For economic development projects the City follows the same procedures, whereby the applicant completes an application, discusses the project with the City or the URA depending on the request. The City or the URA provides help and assistance to its public and private agencies that they fund.

Discussion:

Monitoring:

The City's Office of Management and Budget, Community Development office has a "Monitoring Process" that is directed towards the following:

- Program Performance
- Financial Performance
- Regulatory Compliance

The City of Pittsburgh's Office of Management and Budget has developed a "monitoring checklist" that it utilizes when programs and activities are reviewed. This checklist, approved by the U.S. Department of Housing and Urban Development, was developed in accordance with Sub-Part J of 24 CFR, Part 85 "Uniform Administrative Requirement for Grants and Cooperative Agreements of State and Local Governments" and the HUD Community Planning and Development Monitoring Handbook (HUD 6509.2)

The Office of Management and Budget staff conducts monitoring of Community Development Block Grant (CDBG) funds and other Federal programs. Project and program managers are assigned various activities and sub-recipients to monitor, including non-profit (social service) agencies, the Urban Redevelopment Authority of Pittsburgh (rehabilitation, economic development, and housing) and the Housing Authority of the City of Pittsburgh (public housing).

In the planning stage, sub-recipients (non-profit agencies) are required to submit "proposals for funding." These proposals are reviewed by the Office of Management and Budget staff for eligibility, and recommendations are then forwarded to the City's administration and City Council for final approval of funds. After a sub-recipient is approved for funding, the Office of Management and Budget staff conducts "orientation" meetings (either individually or a group meeting) to provide agencies information on their regulatory, financial and performance responsibilities. In addition, the monitoring process of the Office of Management and Budget is outlined for the groups who are then enter into the "implementation" phase of the project. A scope of services and budget are finalized and the contract with each agency is executed.

During the time when the project or program is underway, the Office of Management and Budget staff may conduct an "on-site" monitoring visit where technical assistance is provided, files are reviewed and "corrective actions" are taken to resolve any potential deficiencies or problems.

The following procedures are included in the financial monitoring process: letters of transmittal from the sub-recipient accompany each "Requisition for Reimbursement" with supportive expenditure documentation and a project activity progress report.

Internal monitoring review of each Requisition for Reimbursement by the project manager for compliance with 2 CFR Part 200 "Uniform Administrative Requirements, Cost Principles, and Audit Requirements."

On-site financial monitoring of non-profit groups and the Urban Redevelopment Authority is conducted as needed.

The City requests copies of independent audits or use of auditing procedures as outlined in 2 CFR Part 200, for all sub-recipients with Federal contracts over $750,000.

In the expenditure of CDBG and HOME funds for housing construction or project improvements, the City's inspectors make periodic on-site inspections to ensure compliance with the local housing codes. The City also requires submittal of architectural drawings, site plans, and work specifications for this work. These are reviewed prior to issuance of building permits and the distribution of CDBG or HOME funds.

HOME Investment Partnership Program (HOME)
Reference 24 CFR 91.220(l)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

The Urban Redevelopment Authority of Pittsburgh does not intend to use any other forms of investment other those described in 24 CFR 92.205(b). Not Applicable.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

The Urban Redevelopment Authority of Pittsburgh (URA) has prepared the following policy which addresses the issues of sale or transfer of ownership of property financed with HOME assisted funding. This policy is in accordance with the HUD Regulations found in 24 CFR 92.254(a)(5)(i). The URA and the City of Pittsburgh have opted to use the resale provisions, rather than the recapture provisions of the regulations. The Resale provision ensures that HOME-assisted units remain affordable over the entire affordability period.

Resale Policy:

The Resale Policy is enforced through the use of a Restrictive Covenant signed by the homebuyer at closing. This covenant specifies:

- The period of affordability, which is based on the total amount of HOME funds invested in the housing;
- The home must remain the Homebuyer's principal residence throughout the affordability period; and
- In the event of the sale or otherwise transfer of the HOME financed property prior to the expiration of the period of affordability, the Resale Policy requires compliance with the following:

    - If the housing does **not** continue to be the principal residence of the family for the duration of the period of affordability, then the housing will be made available for subsequent purchase **only** to a buyer whose family qualifies as a low-income family and will use the property as the family's principal residence.

Emergency Solutions Grant (ESG)
Reference 91.220(l)(4)

1. Include written standards for providing ESG assistance (may include as attachment)

The City of Pittsburgh in conjunction with Allegheny County have developed these initial written standards for providing ESG assistance to meet the requirements of the grant. This includes the following:

- **Coordination -** Each proposed grant recipient is a member of the Continuum of Care and uses the HMIS system for recording client data and information. This coordination will help to determine the services that are needed to address the needs of clients.
- **Prioritizing Assistance and Rapid Re-housing -** The City of Pittsburgh and Allegheny County support a network of shelters through the ESG funding that provides services to most homeless, including men, women, families, youth, etc. Coordination with the Continuum of Care will enable gaps in service to be identified and any necessary changes in funding priorities to be made.
- **Rental Assistance -** Funds will be used to pay security deposits and rental assistance up to a maximum of twelve (12) months. The first nine (9) months will be paid at a maximum of 100% and the last three (3) months as a maximum of 75%. Rental and/or utility arrearages will be paid up to six (6) months of costs. Future utility costs (a maximum of 12 months) will be allowed.
- **Standards and Procedures Evaluation -** Each individual or family will receive a full evaluation of their needs and case management services that are necessary to stabilize their lives.
- **Street Outreach/Essential Services -** Agencies with the appropriate experience and skilled staff will provide street outreach as needed.
- **Admission, Referral, Discharge, and Length of Stay -** No person will be denied services based on race, color, religion, national origin, sex, or familial status. All shelters will meet local safety regulations. Accessibility for the handicapped will be provided where possible. A list of rules and regulations for each shelter will be provided to all residents. A grievance policy and procedures will also be in place in each shelter. Length of stay will be determined by the case managers and residents can remain in the shelter as long as the meet program requirements.

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

Allegheny Department of Human Services operates a call center called Allegheny Link (or "The Link"), providing referrals to services for persons experiencing a housing crisis. The Link has real-time access to vacancies in programs, and will send information about the caller directly to homeless services providers, who will then make contact with those persons in need of services, so that the caller does not have to make multiple phone calls just to find an opening for services. The phone number for Allegheny Link is 1-866-730-2368, and persons may also email the link or walk-in to their location at One Smithfield Street, Pittsburgh PA, 15222.

Persons in need of emergency shelter do not need to contact the Link before going to shelter, but shelter personnel are to ensure that those persons have contacted Allegheny Link within a certain time frame of entering the shelter, so that those persons may be referred to other (permanent) housing resources. This process (regarding Emergency Shelter intake and referral to the Link) is currently under review by Allegheny County Department of Human Services and Emergency Solutions Grant program administrators.

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

The consortium of the City of Pittsburgh, Allegheny County, and the Continuum of Care serves as the ad hoc committee to allocate funding from the ESG program that is awarded to both the City and the County. This committee is comprised of members from the following governmental agencies:

- City of Pittsburgh Office of Management and Budget
- Allegheny County Department of Economic Development
- Allegheny County Department of Human Services
- Pittsburgh/McKeesport/Penn Hills/Allegheny County Continuum of Care
- Formerly Homeless Person(s)

Once the City of Pittsburgh receives it allocation amount, the City and the County will announce the availability of funds through advertising in the local newspaper and notifying potential applicants from an existing list of shelters and programs. When proposals are received, they will be catalogued by agency, dollar request, and types of activities proposed. The selection committee will review the proposals to determine funding awards and decide if the City or County will fund the proposed projects.

Each application will be evaluated on the basis of need, demonstrated ability to provide assistance, financial accountability, and existing/potential additional funding sources.

The City will submit its list of proposed projects for approval to HUD as part of the Annual Action

Plan. Once that approval is received, agencies will be notified of their awards, a general orientation session will be held with these groups, if needed, and the contract process will be initiated by the City.

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

The City of Pittsburgh meets the homeless participation requirement found in 24 CFR 576.405(a) A former homeless person is active on the Homeless Advisory Board and also serves on the Continuum of Care's sub-committee. Several organizations representing the homeless population were contacted for input during the planning process and the public meeting was advertised.

5. Describe performance standards for evaluating ESG.

Based on past experience and after consultation with the Continuum of Care the following evaluation standards for ESG activities will be utilized:

- the organization's prior performance
- quality of services provided

Continuum of Care (such as youth, persons fleeing Domestic Violence, or families)

- ability to draw down funds in a timely manner
- number of people served
- ability to leverage other funds

The City of Pittsburgh ESG program is developing performance benchmarks, in coordination with the Continuum of Care sub-committee of the Homeless Advisory Board, for ESG programs which may be used to evaluate renewing applicants for Program Year 2023 ESG funds. A committee which consists of representatives from the City of Pittsburgh's Office of Management and Budget, Allegheny County Economic Development, the Continuum of Care, and Allegheny County Department of Human Services will review and select ESG activities. The composition and procedures of this committee will be reviewed and modified as necessary as the ESG program guidelines are finalized.

Standards for evaluating individuals and families eligibility for assistance.

Initial Evaluation:

The Lead Agency must conduct an initial evaluation to determine the eligibility of each Program Applicant's eligibility for ESG assistance. The case file must clearly document the date and content of this initial evaluation. The evaluation of eligibility must include a review and documentation of the following areas:

- Household composition;
- Housing status;
- Income (if the Program Applicant would be receiving Homelessness Prevention);
- Resources and support networks; and
- Potential to achieve stability.

Per HUD, this initial evaluation must also include a determination of the amount and types of assistance the Program Applicant needs to regain stability in permanent housing. The case file must document this determination, with the understanding that a Program Participant's needs may change as they progress through the ESG Program.

Policies and procedures for assessing, prioritizing and reassessing individual and family needs for essential services related to emergency shelter:

There are separate processes as it relates to accessing emergency shelter within the Allegheny County Continuum of Care. Most of the emergency shelters (Bethlehem Haven, East End Cooperative Ministry, Familylinks DOCS, Light of Life, McKeesport Downtown Housing, and Pleasant Valley) that serve single individuals do not have their beds prioritized or accessed via Coordinated Entry. Single individuals reach out directly to the single emergency shelters for access to their beds. Coordinated Entry (CE) staff at the Allegheny Link and within the OCS Field Unit is able to provide the individual with a targeted plan on how to access shelter based on their needs and preferences. They will also advocate on their behalf to specific shelters when that type of assistance is required. CE staff also request that each single emergency shelter provide their vacancies each morning and these vacancies are sent via email to a community partners distribution list which provides the best contact info and process to get into each shelter.

There are 2 non-traditional shelters that serves singles that are managed within CE. One is located at Wood Street Commons and the other is Home2020. These shelters are viewed within the CoC as "non-traditional" in which clients have access to supports and services within these shelters that are not available within the others. There are also scattered site shelter spaces, known as HAP Crisis spaces, that serve individuals who the typical facility based, communal shelter, is not appropriate for a multitude of reasons specific to each client. The OCS Field Unit, in partnership with the broader outreach community, works to identify people for referrals to these non-traditional shelter spaces every Monday morning during a formal case conferencing session, with the decisions ultimately lying with the OCS Field Unit/CE.

Emergency shelters that serve families with minor children (Allegheny Valley Association of Churches, Auberle Duquesne, Auberle McKeesport, Community Human Services McKeesport Family Shelter, Salvation Army Family Caring Center, and Womanspace East) do have their beds prioritized and accessed through CE. Households reach out to the Allegheny Link to report their need for shelter. Once an

assessment is completed on ability to divert via accessing natural supports, if found to still be in need of shelter, CE Family Placement lead then reviews the vacancies available for the day to ensure that the family composition can be accommodated. At that time CE staff reaches back out to the family to offer the family emergency shelter space and offers Homeless Supports and Service Coordination (HSSC). HSSC will provide the family with a service coordinator once enrolled in shelter to assist with any and all needs the family has to end their homeless episode as quick as possible. Families are prioritized based on vulnerability and access to natural supports. The vulnerability assessment is through conversation rather than a formal assessment initially. The majority of the time households will self-resolve until a space that can accommodate them opens. Households are expected to reach out to the Allegheny Link daily to request access to emergency shelter. This can be done via email, phone, or in person.

Coordinated Entry also does not manage access to the emergency shelters that provide domestic violence related shelter options. These shelters serve both families with minor children and single individuals. For access to these shelter spaces, households are advised to reach out directly to the domestic violence shelter and we warm transfer to ensure connection when appropriate. We work to connect those fleeing domestic violence to these specific population serving shelters first as they are the safest option for the households, but we will also review any other shelter spaces that are of interest to the household.

During times that the Allegheny Link is not operational, there is a triage system that directs callers to a variety of options based on their situation. All the programs listed can assist people during off-hours as space is available, independently from the operational hours of Allegheny Link. As households present to shelter during times outside of the normal hours of operation of the Allegheny Link, shelters are asked to serve the households, as capacity allows, and connect the households to the Allegheny Link the next business day.

For all our processes Coordinated Entry does leave space and flexibility for case conferencing and advocacy by the households themselves or the providers/supports working most closely with them. This case conferences can lead to reassessment of housing options available to a household whether that be how they access emergency shelter or the longer term homeless housing programs.

Policies and procedures for determining which families receive homeless prevention and which receive rapid rehousing

Households that are experiencing a near eviction due to back rent being owed are given a prevention assessment that will target that household to ESG when they meet the pre-screened eligibility for the program. This pre-screening allows for placement on the prevention waitlist. Households are placed on the waitlist on a first come, first serve basis. As programs within our ESG providers have capacity to serve households for homeless prevention waitlist they make a request within HMIS and we then refer the household to the vacancy.

Households that meet Category 1 or Category 4 (while also literally homeless) are eligible to be assessed for rapid rehousing. This assessment utilized within the Allegheny County CoC is called the Allegheny

Housing Assessment (AHA). The AHA is a decision support tool designed to help prioritize housing services individuals or families experiencing homelessness. The tool uses administrative data from Allegheny County's data warehouse to predict events that serve as the indicators of harm if a person remains un-housed. The AHA screens for these types of vulnerabilities and then indicates most appropriate level of housing support. If a household qualifies to receive the assessment and scores within the rapid rehousing range they are placed on the homeless housing waitlist. As programs within our ESG providers have capacity to serve households for rapid rehousing they make a request within HMIS and CE refers the next most vulnerable household on the homeless housing waitlist.

The Allegheny County CoC prioritizes households experiencing homelessness within the CoC's geographic area for referral to housing and services. The Allegheny County CoC has adopted CPD-16-11, HUD's Notice on Prioritizing Persons Experiencing Chronic Homelessness and Other Vulnerable Homeless Persons in Permanent Supportive Housing, as well as the accompanying update CPD-17-01. Additionally, the CoC has expanded the prioritization practices to the Rapid Rehousing, Bridge and Transitional Housing programs. Therefore, households designated as Chronically Homeless are prioritized throughout the entire system.

Process for Soliciting Housing Projects:

Affordable Homeownership/For-Sale Development Program (FSDP)

The For-Sale Development Program has an application that is currently posted as a rolling RFP and submissions are reviewed on a first come, first serve basis. Only after URA staff do project underwriting for developer capacity, project timeframes, financial feasibility, cost reasonableness, etc., the application would then be prepared for formal approval by the URA Board of Directors.

Eligible applicants for the FSDP program include non-profit, and for-profit developers if they are partnering with a non-profit entity.

The application materials are available on the URA website at: https://www.ura.org/proposals/affordable-for-sale-development. Developers (non-profit and for-profit developers) and community development corporations (CDCs) are able to find all the program information including the application and the submission process on the website listed above.

Affordable Rental Housing/Rental Gap Program (RGP)

The Rental Gap Program (RGP) also has an application that is currently posted as a rolling RFP, with submissions being reviewed on a first come, first serve basis. URA staff begin underwriting the project in a similar fashion to the For-Sale Development Program - looking at the timeframe the project will commence, developer capacity, financial feasibility, cost reasonableness, and ability for the project to sustain HOME rents. After this review has been completed, the application will be brought to the URA

Board of Directors for approval. Eligible applicants, as stated in the program guidelines, are developers (non-profit and for-profit developers) and community development corporations (CDCs).

Housing Preservation Program (HPP)

The Housing Preservation Program (HPP)also has an application that is currently posted as a rolling RFP, with submissions being reviewed on a first come, first serve basis. URA staff begin underwriting the project in a similar fashion to the RGP - looking at the timeframe the project will commence, developer capacity, financial feasibility, cost reasonableness, and ability for the project to sustain HOME rents. After this review has been completed, the application will be brought to the URA Board of Directors for approval. Eligible applicants, as stated in the program guidelines, are developers (non-profit and for-profit developers) and Limited Equity Co-ops.

The application materials are available for any interested party on the URA website: https://www.ura.org/proposals/housing-preservation-program. Eligible applicants are described on page 1 of the HPP guidelines (attached, linked here https://www.ura.org/proposals/housing-preservation-program).

RESALE POLICY

RESALE POLICY FOR THE HOME INVESTMENT PARTNERSHIPS PROGRAM (HOME) – URA OF PITTSBURGH

The Urban Redevelopment Authority of Pittsburgh (URA) has prepared the following policy which addresses the issues of sale or transfer of ownership of property financed with HOME assisted funding. This policy is in accordance with the HUD Regulations found in 24 CFR 92.254(a)(5)(i). The URA and the City of Pittsburgh have opted to use the resale provisions, rather than the recapture provisions of the regulations. The Resale provision ensures that HOME-assisted units remain affordable over the entire affordability period.

Resale Policy:

The Resale Policy is enforced through the use of a Restrictive Covenant signed by the homebuyer at closing. This covenant specifies:

1. The period of affordability, which is based on the total amount of HOME funds invested in the housing;

Homeownership Assistance (HOME amount per-unit)	Minimum Period of Affordability (in years)
Under $15,000	5
$15,000 to $40,000	10
Over $40,000	15

2. The home must remain the Homebuyer's principal residence throughout the affordability period; and

3. In the event of the sale or otherwise transfer of the HOME financed property prior to the expiration of the period of affordability, the Resale Policy requires compliance with the following:

   - If the housing does **not** continue to be the principal residence of the family for the duration of the period of affordability, then the housing will be made available for subsequent purchase **only** to a buyer whose family qualifies as a low-income family and will use the property as the family's principal residence.
   - The price at resale must provide the original HOME-assisted owner a **fair return on investment** (including the homeowner's investment and any capital improvement) and ensure that the housing will remain affordable to a reasonable range of low- income homebuyers. The URA has defined the following terms:
     - **Fair Return on Investment**: This is calculated as the percentage change in Area Median Income (AMI) over the period of ownership. The original homeowner is entitled to recoup the principal paid, as well as the costs incurred for capital improvements that *add value to the property*.
       - **Capital Improvements:** Upgrades that are considered improvements, which increase the value of the home, may include:
         - Kitchen or bathroom replacements.
         - Energy upgrades (solar hot water or increased insulation heating system).

- New flooring.
- Increase in size of home footprint.
- Addition of driveway and/or sprinkler systems.

▪ **Excluded:** Generally, the following are not considered improvements that add value:

- Replacing worn or dated components such as appliances or carpet.
- Remediation of any deficiencies identified during initial inspection.
- Maintenance costs.

o **Affordability to a Reasonable Range of Low-Income Homebuyers:** The home should be affordable to a reasonable range of homebuyers, which is defined as a family at 70-80% of area median income paying no more than 30% of total income for principal, interest, tax, and insurance payments (PITI).

- The affordability restrictions shall remain with the property according to the original terms. If during the affordability period a new owner of record obtains ownership of the property before the end of the initial period of affordability, the balance of the time will remain on the property.

4. **Deed Restrictions:** Covenants running with the property will be used as the mechanism to impose the resale requirements. The affordability restrictions may terminate upon occurrence of any of the following termination events: a foreclosure, transfer in lieu of foreclosure or assignment of an FHA insured mortgage to HUD. The URA may use purchase options, rights of first refusal or other preemptive rights to purchase the housing before foreclosure to preserve affordability. The affordability restrictions shall be revived according to the original terms if, during the original affordability period, the owner of record before the termination event, obtains an ownership interest in the housing.

Requests more funding for space improvement (public and nonprofit spaces)

Commented on her organization's work fighting food insecurity

Sandra Glenn, Lincoln-Lemington Collaborative:

Stated her neighborhood does not need new development, but needs vacant properties demolished for safety

Requested overall help for nonprofit operations

Rick Swartz, Bloomfield-Garfield Corporation:

Take from PLI to fund the land bank - demolition consigns a lot to being vacant. Demo just removes a hazard rather than adding to the community

Land bank would use funds for legal services to clear titles to make properties salable ($250k would clear ~50 properties). Also personnel and such. Land Bank is generating income from sales but it's not enough

Various neighborhoods are using the land bank to move properties, it's moving faster than the city finance department can

Look at how much was spent on demolitions and allocate that amount

Land bank is under URA funding

Allocation of CDBG funds has gotten stale - it's the same or similar programs year after year for quite some time. Soft social service funding isn't leveraging new investment in the city as a whole or individual neighborhoods. Look at how we use federal dollars and are we leveraging investment with them - the entire burden of, for example, the senior programs, shouldn't be borne by CDBG rather than other city funding streams

Discuss CDBG program as a whole with PCRG maybe

City of Pittsburgh Public Hearing Comments

July 30, 2026

On July 30, 2026, a public hearing was held at the City County Building OMB 501 Conference Room to get input into the annual action plan. The following public comments were received.

OMB

Questions posed to group:

- What were you happy to see included in the annual action plan?
- What do you think is missing from the Annual Action Plan

Comments

Dona Jackson asked What's the amount of funding for the food program.

The City of Pittsburgh: If you are referring to the greater Pittsburgh Food Bank funding. That is 200,000 and that is through the hunger trust program.

Donna Jackson: How much funds can a group request?

City of Pittsburgh: This varies depending on the grant. The public service grant has a minimum of 10,000 dollars and we let groups know that $25,000 dollars maximum is realistic. That being said most organizations through that program receive a 10,000 minimum. For the NED grant there is a $40,000 maximum and is strictly for organization working in affordable housing or providing technical assistance to mall business. Information on both of those grants is available on the Engage PGH pages for each grant, which will let you know when the grants are open. You can additionally sign up for our mailing list which will let you know when the grants are open.

Donna Jackson: If you have a currently active contract, you are still able to apply for additional grants

City of Pittsburgh: You are always allowed to apply for more funds if you have a currently active contract. As long as you have an eligible project, you are welcome to apply when there is an open application cycle.

Donna Jackson: Will you be able to receive this recording

City of Pittsburgh: Yes you will

Paul 'Pablo' Dordal : I am happy to hear about the Housing expenditures. Can you tell us more about how many people will be benefited by the program.

City of Pittsburgh: The housing like referral, legal services and thing. The goal is to keep nearly 200 residents in their homes. If you're talking about the affordable housing expenditures. Through the URA, the Bedford Choice program is going to rehabilitate over 400 housing units over the course of the entire project. Each project has more information on their respective website. Our funding is just a match.

Donna Jackson: Can you show the first charts of funding

Ashli M. Molinero: Was Funding for ensuring accessibilities of programs to people with disabilities accounted for in the budgets

City of Pittsburgh: We did not have any organization-specific or any programs specifically focused on accessibility in this year's budget. We did not have any specific budget for accessibility. But all programs are required to be accessible.

Donna Jackson: Are all of these funds reimbursement grants

City of Pittsburgh: Yes all of the funds are reimbursement grants

Paul 'Pablo' Dordal: In the future can you please spell out the first use of each acronym. Thank you.

City of Pittsburgh: We will be sure to do this moving forward. Thank you for letting us know.

City of Pittsburgh: If you do have something else that you would like to add or if you want to share the recording with someone and then they have a comment. Please email our shared inbox at communitydevelopment@pittsburghpa.gov. That is also the place you can email if you have specific questions about how to access the grants to nonprofits that our office administrators or any other questions about our funding.
