Code Bulletin – Interpretation**

Applicable Code Section(s): 2009 IBC Table 3412.8	Interpretation#: IBC3412.8-08/28/17
Subject: Mandatory Safety Scores	BCO: Erik Harless Date: August 28, 2017

Question:

What is the effective date for the ICC published errata for Table 3412.8 of the *2009 International Building Code (IBC)*?

Interpretation:

In December of 2016, ICC published errata correcting the mandatory safety scores for Compliance Alternatives under Section 3412 of the *2009 IBC*, as referenced in Table 3412.8. These scores are now identical to those required under the Performance Compliance Method under Chapter 13 of the *2009 International Existing Building Code*, as referenced in Table 1301.8 of the *2009 IEBC*. The twelfth and later editions of the *2009 IBC* incorporate this errata.

Under Section 401.1 of the Pennsylvania Uniform Construction Code, all errata issued by ICC is to be considered a part of the *2009 International Building Code*.
