Programs and Services*

Provide a brief description of any programs or services your organization or group provided in alignment with your STOP the Violence proposal.

Our "We Keep Us Safe" and "Fridays on Deck" programs were very active during the months of July - September. The cohort gathered for four discussion meetings which centered around the climate of the upcoming election and how it was increasing tension in our communities. We talked through these challenges and provided background on laws and ideas being shared and how to spot dis-information as it can lead to greater conflict. The cohort did a fantastic job of collaborating with 1Hood staff to lead four separate Fridays on Deck events at Liberty Green in East Liberty. In 2024 more than 1,200 people have come together in community to deepen relationships and enhance community safety through connection. Assemble, CPR training, Social Status, Carnegie Library, the Science Center were among community partners who came to provide free services and trainings.
