The Peacemakers have a Peacekeepers initiative in Carrick High School where they mentor youth who are consistently disruptive. Many of these youth have changed their behavior, especially a senior who had moved to the area and had adjustment issues and was repeatedly in trouble until the Peacemakers mentored him through the Peacekeepers initiative. He was given a Peacekeepers award at our community collective meeting, interviewed by the media and graduated with honors and was accepted into 2 universities. during his time in school, he became "part of the Peaemakers" and was known to stop the violence in the school.
