On October 18th, students and their families were invited to take their first step towards a post-secondary track. First Step Fiesta is a collaboration of Urban Impact, local businesses, trade schools, and colleges gathering to discuss with high school students and their families' various post-secondary tracks that are available to them. It also provided students with the opportunity to take their first step on this journey.

A panel of speakers shared their journey to and through a post-secondary decision and how it helped shape their current careers. Students also had the opportunity to take their first step in the post-secondary process by doing a very practical task (i.e. making a college list, filling out an application, updating their resume, etc.). Breakout sessions were provided that included college, trade, military, ministry, and full-time employment.
