Marcus, a participant from Zone 3, was initially known for his frequent involvement in altercations and disruptive behavior. Since joining our program, he has shown remarkable progress. Through our anger management and stress reduction activities, Marcus has learned to channel his frustrations constructively. A turning point came when he successfully mediated a conflict between two peers during a group sports session, applying the skills he acquired from our program. This incident not only prevented a potential fight but also highlighted Marcus's growth and leadership. His transformation has inspired other participants and reinforced the effectiveness of our approach. June 2024, we organized a city-wide sports event involving

participants from Zones 1, 2, 5, and 6. This event aimed to build camaraderie and promote teamwork among youth from diverse backgrounds. The success of the event was evident in the high level of positive interactions and cooperation among participants.
