On August 17th, MACAC hosted an annual "Back to School Community Day" where people from the community are invited to come out and enjoy music, games, free bookbags with school supplies, food, prizes and resources for families. We are currently in the process of recruiting mentors with a background in youth development & violence prevention.

Designing a comprehensive curriculum addressing conflict resolution, emotional intelligence, anger management, & positive communication.

## PROGRESS\*

Please provide an update on the progress of your program or project, as outlined in your proposal and goal sheets.

We are currently working with PPS schools within our geographical footprint to assist us in the recruitment of students to participate in our program offerings. PPS staff have been instrumental in identifying students who would be best suited.

## IMPACT\*

Please describe the impact of your program or project on violence in your neighborhood(s).

Our mentoring program works closely with our teens to give them programming that provides enriched engagement and exposure. We focus on healthy conversations related to social issues and provide experiences to take them out of their neighborhood.

## Share Your Stories

Share any stories that illustrate your progress or significant milestones in your project, program, or organization.

Feel free to provide any links to social media posts or to upload flyers or other promotional materials.
