In this period of the grant, we hosted our 2024 summer camps to 216 youth, ages 5 to 19, from July 1 to August 2. Survey results showed that 84% of 9-16 year old campers reported a less favorable attitude toward violent behaviors at the end of camp.

Please describe the impact of your program or project on violence in your neighborhood(s).

Through our summer camp, youth engaged in five weeks of camp to explore interests, build self-esteem, and learn ways to avoid violence in the streets and at school. Six students attended the Violence Intervention Symposium on July 8 and 9.

The Children and Youth Services Project Impact program was busy over the summer. In June, we hosted a Stop the Violence-themed event with our Youth Empowerment Project leaders and enrolled children in our summer day camps to take place in July and August. The same YEP program created an anti-bullying campaign video that includes the Stop the Violence logo, which we will be posting shortly to TikTok and other platforms. In July, CYS attended the Violence Intervention Symposium at the William Pitt Union on the University of Pittsburgh campus. The theme of the conference was Break the Chain Unite for Peace. We intend

on creating more print and multimedia materials featuring the Stop the Violence logo during the school year and will forward them to POISE and City of Pittsburgh representatives.
